MRS. WILSON'S HAIR REGENERATOR.
Who wants a Good Head of Hair? Use Mrs. Wilson's Hair Regenerator and Hair Dressing.

Please read a few certificates from the following reliable and well known people.
Messrs. HENRY P. WILSON & Co.—My wife is now using your Regenerator for the hair, and pronounces it far superior to anything she ever used for the hair. It is easily applied; does not soil the hair; prevents its falling off, and often cures the headache. I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be widely known. It is the best article for the hair now in use.
Respectfully,
REV. JACOB STEVENS, Newburyport, Mass.
"I like the Hair Regenerator and Dressing very much."
Rev. Geo. W. Woodbury, Hartford, Ct.
"I unhesitatingly pronounce it an invaluable article from the effect on my own hair."
S. A. Hill, wife of Rev. Henry Hill, Manchester, N. H.
"It rendered my hair soft and glossy."
Miss FARRAR, Saratoga Springs, N. Y.
"I feel confident that it operates not as a dye, but to restore the roots to their natural healthy state."
Rev. B. M. KELLON, Nashua, N. H.
"I most cheerfully recommend it to all persons."
Rev. C. RUSSELL, Littleton, N. H.
November 1.
Messrs. HENRY P. WILSON & Co.: I have no hesitation in saying, in my opinion, Mrs. Wilson's Hair Regenerator and Hair Dressing are the best hair preparations now in use. I shall continue to use them with pleasure.
Rev. H. H. HARTWELL, Lawrence, Mass.

November.
Messrs. HENRY P. WILSON & Co.: I have used your Hair Regenerator and Hair Dressing, and have received great benefit from them. I deem the articles worthy of high commendation, and cheerfully recommend them to all who want to restore gray hair to its original color, or to any who are troubled with dandruff, or a disagreeable itching of the head, or humors, or to those whose hair is falling from the head.
Rev. G. W. H. CLARK, Great Falls, N. H.

Messrs. HENRY P. WILSON & Co.: I deem Mrs. Wilson's Hair Regenerator and Hair Dressing the standard articles of all hair preparations. I have, in many instances, known them to restore the hair where it had fallen off, remove dandruff, restore the hair to its original color, cure entirely the most painful headaches—and in some instances most serious humors. Personally, I have been a sharer in these benefits.

THE ONLY DISCOVERY WORTHY OF ANY CONFIDENCE FOR RESTORING THE BALD AND GRAY!
Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to grow; and there is so much fraud in the manufacture and sale of various compounds as well as this, it has no doubt been largely imitated and been used, not only without any good result, but also injury. I have not used any of these Restoratives of any account for some months, and my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair, taken off the last summer for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me one bottle of your Hair Restorative, sold by many, I fear without authority from you. A pure article will insure success and I believe where good effects, do not follow the failure is caused by the impure article which covers the scalp to announce to the world that it is my duty as heretofore to keep you apprised of continued effect on my hair, as I assure all who require of my unshaken opinion of its valuable results. I remain, dear sir, yours,

Prof. O. J. Wood & Co. For its Superior Medicinal Qualities.
THIS elegant compound, which has secured the confidence and endorsement of most of the leading Physicians of New England, is a palatable and efficient form of quinine, containing all the peculiar virtues of PERUVIAN BARK, carefully combined with various tonics and stomachics, and cannot fail to meet the wants of the debilitated.
It is a mild tonic to the stomach, increasing the appetite, assisting digestion, procuring good in dyspepsia, strengthening and invigorating the digestive and nervous systems after prostrating diseases; and in fever and ague, or kindred complaints, its aid is invaluable.
For diarrhoea, dysentery and cholera morbus, the public may rest assured there is no can be any better general remedy.
One of the very best Physicians in Boston has said "that it is the best preparation of Bitters that has ever been offered to the public."
Put up in half pint as well as quart bottles, in order that all may convince themselves of its superior merits.

GREATEST IMPROVEMENT OF THE AGE.
WOOD or COAL.
Ahead of all Competition!
5463 of them manufactured last year—more than double the number of any other first class stove in one year, in the United States.
THEY contain all the improvements which are in all the first class stoves, and the advantages and improvements of other stoves are in part as follows:
1st. The arrangement for broiling on the front hearth.—An improvement overlooked in other first class stoves. It has also the same arrangement for broiling on top.
2d. A thorough ventilation of the Oven.
3d. Introducing hot air draught to the fire chamber, thereby increasing the draught of the Stove, quickening its operations, and enabling it to throw out more heat—A matter much and justly complained of in other Stoves.
4th. An important improvement in the application of the damper, which throws the heat around the oven.
5th. Much greater weight, consequently heavier plates, and more durable as well as handsomer castings.
6th. A draft damper at each end of the fire box, so that the fire is equalized, and one side will heat as quick as the other, also heating the oven in half the time.
7th. Fire back protected by soapstone, so it cannot burn out.
In addition to the above improvements, it has all that is combined in other first class Stoves, viz.—Hot water Reservoir, Warming Closet, Roaster in front, Baked on top. Doors lined with best Russia Iron, &c. &c. Further, this stove is warranted to do the work with as little fuel as any other stove in the market, and in a superior manner.
All who want a first class Stove, should never buy until they call and see the Good Samaritan Stove, as they have in every instance given great satisfaction.
I am the exclusive agent for the sale of this Stove in Montpelier, and sell it on trial for any reasonable length of time; so all are safe in buying.
I have also as full an assortment of Common Stoves on hand as any other dealer in Washington County, and sell as low as any one in the State.

MARLAND PATENT
Certificates of approval, in comparison with the best test safe. I have examined the Marland Patent safe, your store, and so far as I am able to judge, the most reliable, I believe the principle upon which it is built, the most reliable in resisting heat, and the safe that has come under my observation, and I can safely recommend it to the attention of all who are now supplying themselves for the protection of their property.
